

Contig Installation

Please install the defragmentation utility "Contig" following the steps below before installing ASF950 Version 2.31 or later.

1. Download "Contig.zip" from the link below, and then unzip the file.
URL: <https://docs.microsoft.com/en-us/sysinternals/downloads/contig>
2. Copy the "Contig64.exe" file to the "C:\Contig" folder in the PC on which you are installing ASF950.

(Create "C:\Contig" folder if it does not exist on the PC. The file path will be "C:\Contig\Contig64.exe" .)
