

About the face matching function

The face matching function of this recorder is optional.

In the factory default settings, the functions such as the face matching alarm (→ page 12 and others of the Installation Guide) are not available.

It becomes possible to use these functions by purchasing the Additional Business Intelligence Kit (WJ-NVF20, WJ-NVF20E, option) and register the license (Registration Key).

Important:

- The functions to use the recorder on trial before purchasing the Additional Business Intelligence Kit (→ page 35 and others of the Installation Guide) are unavailable.

■ Preparation of the extension software and registration of license

To register the license for the Additional Business Intelligence Kit, the extension software is required. Before registering the license, perform the following procedure.

1 Purchase the Additional Business Intelligence Kit.

2 Obtain the extension software.

Download the software in the following URL (Panasonic website).

<http://security.panasonic.com/pss/security/support/info.html>

3 Prepare an SD memory card.

Format the SD memory card* using the recorder. (→ "Format SD memory card" on page 44 of the Operating Instructions)

After the format, the following directory will automatically be generated on the SD memory card.

(drive):\PRIVATE\MEIGROUP\PSS\NVR\EXT_SOFT

* Recommended SDHC/SD memory card Manufactured by Panasonic

SDHC memory card: 4 GB, 8 GB, 16 GB, 32 GB

SD memory card: 256 MB, 512 MB, 1 GB, 2 GB

4 Save the downloaded file on the SD memory card.

Remove the formatted SD memory card from the recorder. Save the file "NVF20.ext" downloaded and extracted in Step 1 in the "EXT_SOFT" folder.

5 Insert the SD memory card into the recorder.

Insert the SD memory card on which the extension software is saved into the recorder.

6 Register the license.

Register the license for the Additional Business Intelligence Kit with the SD memory card inserted.

Refer to the "Activation Key Card" or the Operating Instructions of the Additional Business Intelligence Kit for how to register the license.
